Cool! You just chose a recycled product, which helps all of us live in a better world. Recycling means making brand new things out of things we don't need anymore, so it's a great way to save the Earth's resources and build a better future!

Thank you for choosing a recycled product for your class notes.

Show your family and friends so they can look for the recycled logo, too!

Génial! Tu viens de choisir un produit recyclé qui nous aide tous à vivre dans un monde meilleur. Le recyclage permet la fabrication d'objets flamant neufs avec des objets dont nous n'avons plus besoin. Il s'agit donc d'une excellente façon de sauvegarder les ressources de la Terre et de bâtir un meilleur avenir!

Nous te remercions d'avoir choisi un produit recyclé pour tes notes de classes. Montre-le à la famille et à tes amis pour qu'eux aussi recherchent le logo de recyclage!
